your partner for leg and knee protection

Screed work trousers Stop injuries caused through cement water

Extremely durable and waterproof artificial leather covers the front of the complete trousers and 20cm over the back. The back pockets are also made of artificial leather, keep your bottom dry while kneeling. Certified knee protectors are non absorbent and exchangeable.

Screed work trousers made of elastic stretch material

With 98 % cotton and 2 % elasthan in dark grey. Modern five pocket design with a wooden rule pocket and a zipup mobile phone pocket. Seams are protected with artificial leather. The elastic material allows freedom of movement.

Screed work bib and brace trousers

In grey. The upper part is made of 65% cotton and 35% polyester with a practical zipup pocket in the bib for your mobile phone and a separate pocket for the wooden rule. Braces are elastic with snap fasteners. Seams are four times sown.
